Hi Heather:
Welcome back and I hope you had a pleasant Thanksgiving with your family.
Donna and I would like to review the Bentley file box for materials that were added at the time of the hearing and since. For our records, we would like to have a complete copy of the final application materials and the staff report which, together with the amended COAs, make up the approved uses per item #1a of the October 29 Planning Commission approval (if this material is officially filed and recorded, please advise us where we should submit this request).
We are also interested in any materials that Bentley has submitted in regard to the November 30th deadline for the Conditions of Approval. We would like to come to your office on Tuesday 12/2 around 3:15 to review the file. If you have any of the materials due on November 30 in electronic format, we could receive them as email which might save some time and trees.
Thanks very much for your help,
Linda
