Hi Heather,

I've attached a copy of Bentley's School Calendar. November 30th is not only the 30-day deadline date, but also "the start of the next semester" or in Bentley's case, trimester.

The calendar is on the school's website, but not easy to find:

First go to: https://www.bentleyschool.net/podium/

Then click on the second item in the Links box - 2009-2010 Vacation Calendar

Many items in the Conditions of Approval state "Prior to the start of the next semester after Planning Approvals and Ongoing," or "Prior to the start of the next semester and Ongoing." Is November 30th the date the City is using for "the start of the next semester."

Thanks,

Donna
