Frieda,
The intent of once a semester was that the condition would be looked at more than once during the school year. We did not specifically think about how the school divided up their academic year or a specific number.

It is my understanding, for Bentley, semesters mean three times a year. Bentley did not object to the semester reporting requirement and the Planning Commission did not change the motion for any other conditions except the TDM plan. Therefore semester reporting is three times a year or once every semester.

Subject: Semester reporting

Hi Heather,

Bentley is pulling together its compliance matrix. We have several questions for clarification as well as desire your recommendations for traffic consultants, which I will call you about later today.

However, quickly, does the use of the word "semester" in the COA connote twice a year. For example, the Neighborhood Liaison Committee "meets at least once a semester" meaning at least twice a year. Correct?

Thanks,

Frieda
