Dear Kori,

It is the understanding of Neighbors for Safety in Hiller Highlands, that parking adjacent to the Memorial Garden is not allowed as it is on Hiller Drive. In addition to cars parked along the Memorial Garden, several cars were parked on Hiller east of Bentley.

Kind regards,

Donna

> You're welcome. Bentley did host an event on March 7th with an expected 50 vehicles. We provided on-site parking, where the majority of the cars were in the lots, on the playground surface, and in the oval. At around 6:20pm there were approximately 6 cars on Hiller Drive along the Firestorm Garden, which is permitted. The event began at 6pm.

> There were four traffic assistants present to help direct motorists including one that ran up and down the hill to guide drivers to appropriate places to park. While you may have noticed cars along Hiller Drive, they were not Bentley families. Before the event, parents and invited guests were sent notifications about appropriate special event parking.
