Kori,

The traffic this afternoon was an absolute mess!!! At 3:35 a Silver Honda SUV - last three numbers of license plate: 726 - used the Harris driveway to turn around. No traffic monitor approached the driver. The traffic was backed up, in both directions, from the intersection (Hiller/Tunnel/Caldecott) to the school. Several cars were stopped along the "no parking" side of the road (uphill direction) of Hiller Drive. I honked at them, and they moved, which enabled me to continue driving up the hill.

Donna
