Hi Kori,

Several questions:

There is a Middle School dance on May 17th. It's to be held at "The Academy." Where The Academy is located. The event is on the Master Calendar, but not on the Event's Calendar.

The Event's Calendar shows a LS event on May 15th, but it is not on the Master Calendar.

The Event's Calendar shows a LS event on June 6th, but the event is not on the Master Calendar.

Please explain the discrepancies.

Donna

Attached is the updated schedule for Oakland Campus events, making use of the remaining weekday event for school calendar year 2012-2013.

One event was added (June 4), during the day, for which shuttles will be contracted.

Sincerely,
