Kori: The parking by Bentley maintenance personnel in the firelane is continuing as the attached photo shows for a vehicle just parked there a few minutes ago around 1 :30 p.m.

However, we do not disallow use of this area for brief periods to drop off and pick up materials, equipment etc. The trucks are not parked on any regular basis or for any appreciable length of time in the driveway. This has been a long-standing practice and is not new.
