Dear Kori,

At approximately 2:30 this afternoon my husband and I drove down Hiller. We noticed orange cones along Hiller Drive from North Hill Court to midway in front of the Memorial Garden. Near the entrance of the school, we saw a Bentley traffic monitor and asked about the cones. She told us the school does not want people parking on Hiller, and that "Kori" had the cones placed on the street. I told her that Bentley-related vehicles are not suppose to park on Hiller. The cones prevented everyone from parking on the street. It should be noted that about six vehicles were parked on North Hill Court and every parking space on South Hill Court was occupied.

Please explain the use of the orange cones. Does the school have authority from the City to prevent residents and their guests from parking in front of their homes?

Sincerely,

Donna Karch on behalf of NSHH
