Hello Kori,

We have yet to receive a response from this previously sent message. Each day, more and more cars are making U-turns east of the school where no monitors can observe the illegal activity.

Donna

At 9:15 AM this morning one of the large yellow buses made a U-turn at the intersection of Hiller Drive/North Hill Court/and South Hill Court. The bus was heading up Hiller. As it was too large to make a normal U-turn, it blocked the intersection and made a number of attempts driving back and forth in order to turn the bus and drive down the hill.

The intersection was blocked to all uphill and downhill traffic. This practice is not safe.
