Hi Kori,

Thank you for your reply and updates to the calendar.

The December 10 event does not state a location, therefore, neighbors would have no way of knowing that the event is not held on the Bentley campus. The December 13, event states it will be held at the US Little Theater. Neighbors do not know the names of all the school's buildings, and have no way of knowing that the event will be held off campus.

A more detailed Events Calender, with times, would be helpful for all.

December 10

LS Winter Concert
6:30 PM to 8:00 PM

December 13
MS Winter Dance
7:00 PM to 9:00 PM
Location: US Little Theater

When looking at the calendar, it is important to understand it encompasses events school wide. The events highlighted in your earlier email were accounted for on the event list distributed to the community.

I looked at the link you provided and found the school's Master Calendar. Times for some of the events are missing and some events are listed on the Master Calendar but not on the Events List.

Bentley is obligated to inform the neighbors 30 days in advance of an event. Times of the events are needed.
