Subject:	A question about Orientation and summer special events:
Date:	Friday, September 06, 2013 5:34:01 PM

Kori Thomas explained to Nadine Prah the following:

> The two summer special events were the Middle School New Student/Family Orientation on August 26th and the Lower School New Student/Family Orientation on August 27th. The transition events are not summer special events because they are a component of the Orientation.
> Sincerely,
> Kori
>
> My question is if Orientation occurs before school begins-- is it a summer special event? It occurred before school actually began-- otherwise, is it considered an "after school" event even though it is not at night or on a weekend?
>
> I think this needs to be clarified-- otherwise, the definitions are muddy.
>
> Thanks!
