Hello Kori,

Please include the following items in the agenda:

What is the school doing to reduce the number of daily vehicle trips? The current enrollment is 32 few students than last year, but the vehicle trips have remained the same. Why?

What is Bentley doing to encourage bus ridership?

What is Bentley doing to organize carpools?

A full-size bus is used to shuttle students from Lafayette to Oakland; however only seven or eight students use the bus. The bus in noisy and pollutes the air. Why isn't a smaller, greener, vehicle used?

What is Bentley doing to eliminate U-turns on Hiller Drive?

What is Bentley doing to prevent parents, guardians and children from walking across Hiller Drive - frequently with the assistance of the traffic attendant?

What is Bentley doing to prevent vehicles from using private driveways?

What is Bentley doing to encourage families to use the drive through drop off rather than park/walk, which results in more cars parked on Hiller Drive? Use of the drive through would reduce the impact of vehicles in our neighborhood.

Has Bentley issued any "One Strike," "Two Strikes," "Three Strikes," and "Four Strikes" citations this year?

Thank you,

Donna

Subject: Re: NLC Meeting

Greetings Everyone and Happy Easter!

On March 25th the February monitoring report from DKS was sent by the City. If you did not receive that email, I have attached the report for your reference.

I would like to take this time to suggest dates for the next NLC meeting. Please reply on what date works best. The meeting date will be based on the majority response received by April 4th. Please send agenda items in your response.

April 18, 7pm
April 25, 7pm
May 16, 7pm

Lastly, a reminder that our Lower School has an event scheduled April 23rd and has advised the visitors to park in the Hiller Drive lot and onsite.

Kind regards,

Kori Thomas
