Kori,
Of course I know that Monday was opening day for Kaiser school. I sent the email to you at 12:09 in the afternoon. This is well before any Kaiser parent would be arriving. And there were no cars parked on Hiller above North Hill Court. Obviously the cars parked on Hiller belonged to Bentley parents.

I looked at your calendar and the event I was referring to was the Kindergarten Student/Parent Transition scheduled for 9:30 AM to 11:00 AM. I also notice there was an additional event from 12 to 1 for the lower school transition. And there was an event for K-5 new student orientation from 9:30 to 1. So there were three events on Tuesday. There was one event on Monday for the middle school. So here were four summer events this week. The CUP only allows for 2 summer events.

Nadine

Hello Nadine,

As you know yesterday was opening day for Oakland public schools. Further, today is an early dismissal day for our neighborhood public school, along with the upcoming dates.

August 26, 27, 28
Minimum Days
School out at 1:25pm.

Bentley drivers were directed and parked from 11:30-12:00pm for an event start time of 12pm. Our event ended at 1pm. We parked the majority of our guests in the lots and along the Firestorm Memorial Garden.

As you pointed out the word "Firestorm" does not appear on the document. This omission will be corrected in the future, nonetheless we will continue to direct our families to park adjacent to the Firestorm Memorial Garden. Thank you for pointing that out.

Kori,
Today's even was well attended. However, parking was NOT limited to the lots and oval as indicted on

your calendar. There are 15 cars parked in front of our Memorial Garden and an additional 16 cars parked on Hiller below North Hill Court.

There is a similar event tomorrow. Could you please have your monitors direct parents to the appropriate, authorized parking?
