Dear Kori:

Yesterday at about 2:20 an AC Transit bus came down Hiller and was confused about where to stop. The bus stop sign is in front of Bentley but it is full of Bentley staff and parents who park there in the afternoons.

The bus stopped in the middle of the road in front of Bentley's driveway with its tail lights flashing while the driver was talking through the door to a Bentley monitor on the curb. Then the bus pulled over in the middle of the Firestorm Garden passenger loading zone between the Bentley cars.

Are you aware of any change in the AC Transit route/service or bus stop location? It would be great if Bentley students began using public transit again.

Thanks,
Linda
