Q&A & Comments:

This area is an eyesore and is fast becoming a health hazard. There is a brown couch that was dumped here, along with trash, old clothing, and old food, and it's been here for 3 days now. A homeless man has been sleeping here for several days, and he is leaving additional food and waste in plain sight here. The trash is blowing all over the sidewalk, and the last time I walked by, there were piles of shoes, old clothes, and several plates of what looked like old meat sitting out.

The man is in dire need of social services -- he is really having a hard time, and has some mental issues as well. I saw a police officer talk to him, but he basically just moved across the street. As long as this couch remains, it's going to continue to be a problem. Combined to request - 475832

Q&A & Comments:

The trees that run along Grand Avenue especially between Harrison and Bellevue need trimming. The branches that are beneath the upper branches of the trees (about 4-5 feet up the stalk) are overgrown, sticking out, and need trimming. Thanks.
