Subject: RE: Reschedule and re-title minimum wage item?

Yes, we agreed on April 29th, and the title needs to change to reflect Larry's new proposal of \$10.20 an hour, beginning in 2014.

Procedurally, how does this work? Does Larry make the change from the dais?

Thanks Jim.

Kelley

Jim,
Kelley and I had spoken about this earlier and I thought that we had agreed that this item would come on the April 29th agenda. Before we go to Rules, let me brief Larry on this since this was his item. (I think I may have already given him a "heads up", but I will check back with him prior to Rules tomorrow. Thanks for the reminder, Jim.

Hi Ray and Kelley,

I know you two have been talking about this. Just writing to remind you that currently Larry's Minimum Wage item is still scheduled for the April 8 CED meeting, with the original title. My understanding is that the item needs to be re-titled (to amounts/date which are higher/sooner than State law already has planned), and also that it needs to be pushed back to a later date, April 29 or something beyond that.

We really should do this at Rules tomorrow if possible, to get it off the April 8 list. Please let me know what your plans are, thanks.
