SCHEDULE M, Part B

INDEPENDENT CONTRACTOR QUESTIONNAIRE

PROJECT INFO: **TBD - On-Call Hazardous Materials Consulting Services**

CONTRACTOR: **SCA Environmental**

SSN# or Corporate Taxpayer ID# :

This document supplements Schedule M, Part A and is to be completed by the department requesting the contract. Please answer 'Yes' or 'No' to each question. The word "contract" refers to either construction or professional services for the project listed above.

1. Briefly describe the work to be performed by the Contractor. A wide range of professional environmental consulting services, on an as-needed basis, related to environmental assessment, remediation and compliance at properties that the City owns, operates or plans to acquire.
2. Will this contract require the Contractor to personally perform all services or will the Contractor have the option of assigning duties to his or her own employees or assistants? Duties can be assigned.
3. Do you intend to give the Contractor instructions on how to do the work under the contract? Yes
If yes, briefly describe the extent to which you are planning to supervise or oversee the work of the Contractor. A consultant assignment referencing a specific, agreed-upon, work proposal will be issued. Progress reports may be required as necessary. The work will not typically be physically overseen.
4. Will the Contractor's work end because this is a finite project or will it end because there are not funds to support the continuation of the Contractor's work beyond a date certain? This is an on-call contract, funded by project funds on an as-needed basis. Work will be done on a variety of finite projects.
5. Describe the extent to which the Contractor will work on or at City facilities or sites (rather than in the Contractor's own offices). The Contractor will not be housed in City facilities, but most of the work done will be done on City sites, doing environmental tasks related to City needs.
6. Are all services to be performed by the Contractor clearly distinguishable from the duties performed by any employee in any City of Oakland job classification? Yes
7. If your response to No. 7 is "No", identify job classifications having material duties which are similar. (Verify with OPRM if uncertain.) _____
8. Will the Contractor be paid on an hourly basis? If yes, please state the amount per hour. Contractors will in some cases be paid on an hourly basis, using rates for each type of job duty as negotiated before the contract is finalized.
9. Will the Contractor be paid on a total project basis? And, if the Contractor will be paid on a basis other than hourly or by total project basis, please describe. Contractors will typically be paid on a total project basis with a not-to-exceed agreement based on their proposal for the work to be done and the staff rates to accomplish it.
10. Over how long a period of time will services under this contract be performed? Three years, with an option to extend.

11. Will the services require the Contractor's full-time attention for any given day (6 or more hours) or given week (30 or more hours) during the duration of the contract? If yes, please indicate the approximate amount of time. This is unknown, since it is an on-call, as-needed contract.
12. Describe the extent to which the City is requiring the Contractor to perform the services on fixed days of the week or at fixed hours. This is unknown but unusual.
13. Will the Contractor be asked to keep hourly records and report time spent on the project by the hour or portions thereof? Yes, invoicing is required to be detailed.
14. Will the Contractor be reimbursed or expect reimbursement for expenses incurred in the performance of this contract? Yes, within the agreed-upon scope.
15. Is the City expecting the Contractor to put in a minimum number of hours per week on the project? This is unknown, since it's an on-call, as-needed contract.
16. Will the Contractor be expected to attend meetings scheduled by the City? If so, describe the type and frequency of meetings. This is unknown but unusual.
17. Is there is a reason why the City cannot or should not employ the person as a temporary civil-service-exempt employee? If there is such a reason, briefly explain below: The contracts are with firms with broad technical expertise and equipment, well beyond what any employee could provide.

I verify that the responses above are true and correct to the best of my knowledge.
