Dear requestor,

In an effort to clarify the information you desire to obtain, the City of Oakland Public Works Agency (PWA) has attempted to reach you by phone on 10/16 and again 10/21. Both times the PWA representative spoke to an individual at that number who stated that you were unavailable to take calls, but would receive the message and call back. To date, PWA has received no return call.

Specifically, PWA is attempting to clarify your request for the below item:

>§ copies of any documents related to the policies and/or plans of the city related to zero waste goals, including, but not limited to email, minutes, and memos.

Is there some particular aspect or element of the City's Zero Waste Goals for which you seek information that is not included in the documents already compiled by the City in response to your request #674 at:

Thank you,
