On 21 Oct 13, I was working as unit 8C11, driving city vehicle #3091, and wearing the standard long sleeve police utility uniform. I'm currently assigned to the Abandoned Auto Detail.

I was dispatched to 373 Warwick av to investigate a 94 Niss Alt 4d blk in color, California license plate [REDACTED]

I ran a check on the vehicle's vin number and verified that the vehicle had been reported stolen with the Oakland Police Dept. 25 AUG 13.

The vehicle's front door was locked with the windows closed. It is unknown how the vehicle was entered. No suspect/witness information was obtained at the scene.

The vehicle was towed, I advised dispatch of the status and disposition of the vehicle. The vehicle had both plates and appeared to be drivable. There were no keys with the vehicle. Dispatch removed the vehicle from the SVS.
