Categories:	Inside Office

Greetings,

Chief Jordan has requested your presence at this meeting with the President and representatives of Total Recall Corp., to explain and discuss the value of the CrimeEye surveillance system that was deployed in New York for NYPD.

Yolanda Morris
Executive Assistant to
Chief Howard A. Jordan
Oakland Police Department
Office of Chief of Police
(510) 238-3365
E-mail: ymorris@oaklandnet.com

Mission:

"The Mission of the Oakland Police Department is to provide the Community of Oakland an environment where they can live, work, play, and thrive free from crime and fear of crime"

Motto:

"We will be there when you need us"

Subject:	Presentation by Total Recall Corporation
Location:	Mayor's Large Conference Room
Start:	Tue 4/30/2013 10:00 AM
End:	Tue 4/30/2013 11:00 AM
Recurrence:	(none)
Meeting Status:	Meeting organizer
Organizer:	Quan, Jean
Required Attendees:	Jordan, Howard; Harmon, Reygan; Johnson, Michael
Categories:	Inside Office

Entered by MJ on 4-15-13.

Background: Yolanda asked if Mayor would be interested in viewing a new technology for public safety being used by NYPD. Chief Jordan would like for Mayor to view the presentation and both Reygan and Anne believed it would be a good idea.

In the face of tough budgetary conditions, cities today seek new ways to reduce crime and augment law enforcement's capabilities. Video surveillance is recognized as one of the most effective techniques police departments are implementing. Serving as a Force Multiplier, CrimeEye® puts more "eyes" on the street.

The benefits of Citywide and Municipal Surveillance include:

- Promotes crime reduction
- Aids in verifying situations
- Captures and documents events
- Improves community safety & relations
- Improves local business environment
- Provides foundation for ancillary sensors

Installing and maintaining large-scale, networked camera systems with coordinated command and control centers in large urban areas presents many challenges:

- Network Security
- Interoperability to existing platforms
- Network transmissions, including wireless, fiber and copper

Total Recall offers industry leading expertise in the design and implementation of surveillance networks for larger urban police departments seeking comprehensive, centrally managed video feeds.
