OFFICE OF THE CITY CLERK
OAKLAND

WHEREAS, the City was ordered by the United States Environmental Protection Agency and the Bay Area Regional Water Quality Control Board to eliminate wet weather overflows from public sanitary sewers; and

WHEREAS, the City has prepared a Compliance Plan consisting of an infiltration/inflow (I/I) correction program to eliminate those overflows; and

WHEREAS, such Compliance Plan involves a large expenditure of public funds to operate and maintain the system; and

WHEREAS, the Council of the City of Oakland on June 23, 1987, previously approved in Ordinance No. 10876 C.M.S. a Negative Declaration for the sanitary sewer infiltration/inflow (I/I) correction program; and

WHEREAS, the City Council of the City of Oakland finds it necessary and prudent to increase the sewer service charge rates to adequately fund the costs required under the Compliance Plan and to provide for annual increases thereto for the operation and maintenance of the system; and

WHEREAS, the City Council of the City of Oakland finds and determines that the requirements of the California Environmental Quality Act (CEQA) of 1970, the Guidelines as prescribed by the Secretary for Resources, and the provisions of the Statement of Objectives, Criteria and Procedures for Implementation of the California Environmental Quality Act: City of Oakland, have been satisfied, and this action on the part of the City Council does not constitute a project under CEQA pursuant to California Public Resources Code Section 21080 (b)(8); or in the alternative, that this Ordinance is a project subject to CEQA that the Council has determined with certainty that no possibility exists that this Ordinance may produce significant environmental effects; and

WHEREAS, Article XIII-D of the California Constitution requires that a property-related fee (1) shall not exceed the funds required to provide the property related service; (2) revenues derived from the fee or charge shall not be used for any purpose other than that for which the fee or charge was imposed, and (3) that the amount of the

fee or charge imposed upon any parcel or person as an incident of property ownership shall not exceed the proportional cost of the service attributable to the parcel; and

WHEREAS, the proposed amended sewer service charge is based on the cost of providing for the maintenance and operation of the sanitary sewer system; and

WHEREAS, at the general election of November 5, 1996, the voters of the State of California amended the state constitution, adding Article XIII-D, which requires that all new property related fees for water, sewer or refuse service are subject to a majority protest proceeding; and

WHEREAS, Article XIII-D provides that fees may be increased within limits previously approved, since increases in the costs of providing these services are likely, a rate increase structure is included herein, and a maximum rate of increase is provided herein; and

WHEREAS, in order to comply with Article XIII-D of the California Constitution, the City provided written notice to the record owner of each parcel subject to the proposed fee (a) the amount of the fee or charge proposed to be imposed upon each, (b) the basis upon which the amount of the proposed fee or charge was calculated, (c) the reason for the fee or charge, and (d) the date, time and location of a public hearing on the proposed fee or charge; and

WHEREAS, following a public hearing and if there is no majority protest, the City Council may, by ordinance, adopt the proposed amendments to Chapter 13 of the Oakland Municipal Code;

Now, therefore, the City Council of the City of Oakland does ordain and find as follows:
