Hi,  
Tomorrow will be a big rally at the Oakland Zoo to show support for saving Knowland Park. See below for more information. Friends of Knowland Park includes native plant and grass specialists who can explain about the rare plant communities that will be destroyed with the Oakland Zoo expansion.  
Caroline

SATURDAY, April 19, 10 am-1pm: SAVE THIS DATE for our big Friends of Knowland Park Earth Day Rally at the zoo entrance! SPECIAL GUEST: COUNTRY JOE MCDONALD! If you can only come out to help with one thing, this is it! Our goal is to turn out even more people than our last successful rally, so please come and bring your friends! SHOWING UP MATTERS.

Homemade signs are great - we will have a bunch, but bring others if you can - or organize your own signmaking party and we'll contribute materials!

We'll have music, fun, some surprises and inspiration! The great places that have been saved, from Yosemite down to small bayside parcels, have been saved because lots of ordinary people took a stand and fought to protect them. This is ours - time to take to the street and stand up for what you believe in!

Bring water, sunscreen, lunch and plan a picnic in Knowland Park after the rally! Park on Mountain Blvd. We're looking for folks who are OK with providing Shuttle service (in a 4 door car, preferably) for rallyers who have to park way up Mountain Blvd.
