Background Information	What information and/or incident(s) occurred which caused the event and/or operation? How many subjects or protesters were expected?
<p><u>Situation General:</u> On 25-28 Oct 13, the Alameda County Sheriff's Office hosted the 2013 Urban Shield. As stated on the 2013 Urban Shield website (https://www.urbanshield.org/):</p> <p>"Urban Shield [is] . . . a comprehensive, full-scale regional preparedness exercise assessing the overall Bay Area UASI Region's response capabilities related to multi-discipline planning, policies, procedures, organization, equipment and training. Urban Shield continues to test regional integrated systems for prevention, protection, response and recovery in our high-threat, high-density urban area. The exercise evaluates our existing level of preparedness and capabilities, identifying not only what we do well, but areas in need of improvement."</p> <p>Vendors and first responders from all over the Country participated in the event. The Urban Shield event commenced with a trade show and seminar on 25 Oct 13 at the Marriott Hotel (1001 Broadway).</p> <p>On 25 Oct 13, protestors affiliated with the "Facing Urban Shield Action Network" (http://facingteargas.org/facing-urban-shield-action-network) held a demonstration at 11th St. and Broadway against Urban Shield. On www.occupyoakland.org, Occupy Oakland endorsed the demonstration. In addition, Occupy Oakland held a demonstration in remembrance of the Occupy encampment removal, which occurred on 25 Oct 11, and in protest of law enforcement personnel. In the past, demonstrators have assembled on numerous occasions and marched throughout the downtown</p>	

Oakland areas. During some of these events, major acts of vandalism and assaults have occurred. This is an unpermitted event.

Situation Specific:

On 25 Oct 13, Urban Shield commenced with a seminar and trade show at the Marriott Hotel. The seminar occurred from 0800-1500 hours. The trade show occurred from 0800-1700 hours and included over fifty vendors. The ACSO received a permit to shut down 10th Street from Clay to Broadway for van parking. They deployed water barricades across 10th Street at Broadway and Clay and across Washington at 10th Street. The ACSO security supervisor was Sgt. Clinton Smith. He deployed twenty-four (24) uniformed deputies from 0900-1700 hours and eight (8) deputies from 1600-0000 hours. The Marriott Hotel management also deployed twelve (12) security guards for interior and exterior security.

On 25 Oct 13, protestors planned a series of events throughout the day and into the evening. Events included "walking picket", music, food, speakers, and possible bicycle demonstration throughout Downtown. The following was the discussed itinerary:

- 0900-1700 – Walking Picket and Protest (11th & Broadway)
- 1700-1800 – March to FOP and/or Sign Making
- 1800-2100–Rally at FOP (music, food, speakers, bike demonstration)

Objectives

What were the primary objectives and sub-tasks for this event?

Mission

The Mission of the Oakland Police Department (OPD) was to conduct crowd management for the events on 25 Oct 13 with the assistance of other City departments and outside law enforcement agencies, if needed. The mission was conducted with a view to achieving the following overarching goals:

1. Maintain Officer Safety.
2. Apply the appropriate level of direction and control to protect life, property, and vital facilities.
3. Maintain Public Peace and Order.
4. Uphold Constitutional Rights of Free Speech and Lawful Assembly while relying on the minimum use of physical force and authority required to address crowd management and crowd control issues.

Commander's Intent

This operation's purpose is to facilitate a lawful rally and march in compliance with Department policy as directed in Training Bulletin III-G, OPD Crowd Control and Crowd Management Policy. Violent behavior, major destruction/vandalism of property, and other criminal activity will not be tolerated; those who participate in such acts will be arrested when and if safe to do so.

OPD intends to execute this police operation in a cooperative manner and, to the extent possible, without requiring the use of force. To that end, OPD will try to identify group leaders and to initiate dialogue to seek their cooperation. The OPD Tactical Negotiations Team will carry out this task. Any response to this event is contingent on the amount of protestors/marchers and their behavior. If clear violations of the law are observed, it will remain the Incident Commander/Operation Commander's discretion whether an arrest is made or not. Arrests will be made only if safe to do so. The Incident commander will be responsible for the overall Command and Control of this operation.

Strong supervision and command are essential to maintaining a unified, measured and effective police response. Impulsive or independent actions by officers are to be avoided. Police personnel must maintain professional demeanor and remain neutral in word and deed despite unlawful or anti-social behavior on the part of crowd members. Unprofessional police behavior can inflame a tense situation and make crowd control efforts more difficult and dangerous.

OPD will enforce applicable laws and arrest specific individuals who are committing crimes. In the event of a declaration of an unlawful assembly, OPD will disperse crowds in an orderly manner to predetermined egress routes and arrest individuals who fail to disperse.

Repeated announcements will be made advising them of our intent to arrest them if they do not leave. Announcements shall be made in different locations if the crowd is large and noisy. Sufficient time will be allotted for those who wish to leave before any further police action is taken. Those remaining and refusing to leave will be cited or arrested.

OPD will follow and will request all law enforcement agencies participating pursuant to a mutual aid request to follow OPD policies respecting crowd control management, unlawful assemblies, use of chemical agents and less-lethal impact munitions, use of force, arrests and transporting in-custody individuals to jail. Responding units will be briefed on the operation at the staging location and their crowd control munitions will be inspected. Chemical agents may be used to disperse riotous crowds ONLY at the direction of the Incident Commander. Use of chemical agents can be deployed the supervisor and MFF command level under exigent circumstances.

Key Tasks

The following is the list of mission-essential tasks:

- Gather information on the intent and plans of event organizers.
- Establish visual surveillance on demonstrators prior to the rally/march.
- Monitor and control crowds to allow for peaceful demonstrations.
- Facilitate marches through the Downtown areas.
- Attempt dialogue with event organizers / liaisons if possible. Communicate with crowd early and often.
- Enforce applicable laws (tactical advantage) including:
 - ❖ Prevent / Respond to acts of vandalism
 - ❖ Prevent / Respond to acts of violence
- Identify and arrest specific individuals engaged in unlawful behavior.
- If necessary, issue dispersal order and disperse crowds in an orderly manner to predetermined escape routes.
- Arrest individuals who are in violation of a lawful order to disperse.
- Deny protestors' access to the PAB and freeway entrance at 6th St / Broadway.
- Maintain strong team discipline.

End State

This operation will be successful if the following conditions are achieved:

- First Amendment Rights of event participants safeguarded.
- No acts of violence or major vandalism occur.
- No officers are injured.
- Only reasonable force is employed in executing the mission.

Air Operations	Sgt. Phil Green
Motors Supervisor	Sgt. Steve Paich
Alpha Company Commander	A/Capt. Donna Hoppenhauer A/Capt. Eric Lewis
Alpha Platoon 1	Lt. Tony Jones

Bravo Platoon 1	Lt. Chris Bolton
Bravo Platoon 2	A/Lt. Henderson Jordan
Charlie Company Commander	Capt. Steve Tull
Charlie Platoon 1	Lt. Randy Wingate

Key Locations:

Emergency Operations Center	1605 MLK Way
Field CP at FOP	IFO 505 14 th Street
Area of Operation #1	1001 Broadway (Marriott Hotel)
Area of Operation #2	14 th Street & Broadway (FOP)

The demonstration began at about 0900 hours IFO the Marriott Hotel. Protestors walked between 10th and 11th Street on the west sidewalk of Broadway. Protestors also delivered speeches and provided media interviews at the cement triangle IFO the Marriott Hotel. At about 1800 hours, the protestors began a march to FOP, taking the following route: S/B Broadway, W/B 8th Street, N/B Clay Street, E/B 11th Street, N/B Broadway into FOP. At FOP, protestors held another rally until approximately 2130 hours. During that event, protestors served food, delivered speeches, and watched a movie. During both events, some protestors were profane and disrespectful. In addition, some individuals engaged in minor vandalism (at Lake Marriott), attempted to interfere with officers, engaged in traffic violations, and illegally discarded material into the street. Officers attempted to make arrests and issue citations to identified violators.

Concept of Operations:

OPD deployed three MFF Companies (6 platoons) designed for small unit tactics. All Companies were deployed after receiving the Operations Briefing at 0700 (Alpha), 1000 (Bravo), and 1200 (Charlie) hours. Each Company was assigned a tango team (three in total with one shadow team for training), a video team, and a PIO. In addition, the operations section deployed a roving video team with live stream and a roving PIO. Other assets available to the operation included: one motor squad for traffic control; one bicycle/dual purpose squad for crowd intervention and management; TNT with two ATVs and a SUV with associated sound equipment for announcements; surveillance teams for observation; and Argus for aerial reporting. Each MFF Platoon was directed to self-designate a QRF for support, arrest, and security.

During operations, MFF Platoons were directed to maintain a visible presence in the Downtown Area. They were to remain mobile and flexible ready to respond to address crowds and crime concerns (violence or vandalism). In addition, personnel were directed to cite and arrest law violators when appropriate. CHP was notified of the event; they would assist with the freeway using on-duty resources. Outside LE Agencies were provided a warning order in anticipation of mutual aid. If needed, they would be used for crowd control and/or deployment to predetermined quadrants in the Downtown area.

Sub-Unit Tasks:

1. Alpha Company

- a. No later than (NLT) 0800 hrs, deploy Platoon One to the Marriott Hotel, maintaining a visible presence and monitoring protestor activity. Personnel should be deployed in squad size elements around key access points. Alpha Company to stage Platoon Two in the 500 block 14th St. prepared to either support or relieve the first Alpha Platoon.
 - b. Upon relief from Bravo Company (~1130), re-deploy Alpha Platoon 2 into Quadrants 3-4, prepared to support Platoon One.
 - c. At 1700 hours, re-deploy all Alpha Platoons to Quadrants 3-4 of the Downtown area, patrolling the quadrants in squad sized elements and maintaining a visible presence.
 - d. On order, facilitate Downtown marches, by trailing and/or paralleling the marches.
 - e. Identify and cite / arrest individuals committing crimes, when tactically feasible to do so.
 - f. On order, maneuver to assist in crowd containment and control, and mass arrests, if required. This may include preventing crowd access to critical infrastructure and/or freeways.
2. Bravo Company

Significant Events	Describe the following significant events: When did the event start? When did crimes and arrests take place? When did the event conclude? How many subjects or protesters were at the event? Precede each significant event with the time it occurred.
<p><u>Significant Events:</u> *Times are approximate</p> <p>0700 hours: The Operations Section Chief conducted the briefing at the Police Administration Building (PAB) auditorium for Alpha Company. The Operations Chief provided additional briefings to Bravo Company (1000) and Charlie Company (1200). The briefings included the following points:</p> <ul style="list-style-type: none"> • Situation • Intelligence • Command Structure • Mission • Commander's Intent • Execution • Contingency Plans • Force and Arrest Posture • Outside Agency Assignments • Media • Administration (Arrests, UOF, Report Writing, Mass OT, Use of PDRD, Complaints, etc.) • Command and Staging • Communication • Equipment <p>After receiving the briefing, all companies deployed to their designated areas. Subsequent to the Alpha briefing, I responded to the Marriott Hotel and met with ACSO security supervisor. I noted that the ACSO security detail had deployed metal barricades and water barricades across 10th Street and across Washington at 10th Street. I also noted that there were ACSO uniformed deputies deployed on foot along 10th Street (south side of the Marriott Hotel).</p> <p>At about 0914 hours, there were about 10 protestors in front of the hotel.</p> <p>At about 1000 hours, it was reported that there were approximately 20 peaceful individuals protesting; however, some were reported wearing masks. (At this time, I provided the Bravo Company briefing at the PAB)</p> <p>At 1105 hours, the protest numbers were updated to 30 individuals. Personnel advised that the group was preparing to hold a press conference.</p> <p>At about 1130 hours, Bravo Company deployed into FOP and Quadrants 1 and 2. Alpha Company focused on the Marriott and southern quadrants.</p> <p>At 1200 hours, I delivered the Charlie Company briefing.</p> <p>At 1309 hours, ARGUS completed an overhead assessment of Downtown and advised that it was business as usual.</p> <div data-bbox="332 1735 1412 1843" style="background-color: black; height: 50px; width: 100%;"></div> <p>At 1341 hours, Charlie Company deployed into Quadrants 1 and 2. Bravo Company consolidated in the</p>	

area of FOP.

At about 1420 hours, some protestors moved from the front of the Marriott Hotel to the barricades at 10th Street and Broadway. Individuals were shouting at the ACSO deputies at that location. Alpha company personnel and motor officers responded to that location to provide a visible presence and maintain peace.

At 1437 hours, it was reported that Marriott Hotel security personnel were involved in a dispute with protestors (I was informed that the dispute was over protestors hanging signs on the wall and chalking on ground IFO the hotel). I had the security personnel move away from the protestors to maintain peace. Alpha Company personnel continued to monitor the crowd.

At 1534 hours, it was reported that a group wearing masks were walking E/B on 11th Street.

At 1609 hours, it was reported that five protestors on bikes with a shield and a pig piñata were moving from FOP to the Marriott.

At 1639 hours, it appeared that a group of bike demonstrators were preparing to go mobile. I directed the Bike Patrol squad to follow the mobile protestors on bikes. Motor officers maintained proximity to assist. The protestors on bikes proceeded S/B Broadway to Jack London Square, obeying traffic laws. After reaching the Square, the protestors turned around and continued N/B Broadway. An Alpha Platoon was staged near 8th Street and Broadway to monitor.

At about 1700 hours, I was anticipating a march. There were approximately 100 protestors IFO the Marriott. I directed a Platoon from Charlie Company (Lt. Holmgren's Platoon) to stage closer to the crowd. In anticipation of a southbound march, I shifted additional resources to the south of 14th Street. Bravo Company remained at FOP.

At 1752 hours, protestors were advising over U-stream that they would march to FOP. The plan was to have Charlie Platoon (Lt. Holmgren) follow the protestors and motors control traffic. It was reported that there were approximately 15 protestors at FOP (presumably waiting for the march).

At 1757 hours, the protestors entered the intersection of 11th Street and Broadway. Motor officers initiated traffic control for the march.

At 1758 hours, the protestors marched S/B Broadway toward the PAB. I directed MFF personnel to block Broadway and Washington at 8th Street to deny access past 7th Street (skirmish line).

At 1804 hours, it was reported that personnel still needed to cover the Washington Street skirmish line. I directed one Bravo Platoon to the south to assist; however, they were not needed. The protestors slowly continued W/B 8th St from Broadway. I re-directed a Bravo Platoon to assist with following the crowd.

At about 1809 hours, the protestors continued N/B on Clay from 8th Street. I directed the Washington Street Alpha Platoon to parallel the crowd on Washington N/B back to the Marriott, taking a position south of the Marriott (10th Street).

At 1817 hours, the protestors continued E/B 11th Street from Clay.

At 1820 hours, the Alpha Platoon on 10th Street shifted E/B to Broadway.

At 1823 hours, the protestors continued N/B Broadway toward FOP. At 1830 hours, all protestors entered the plaza with the exception of 4-6 individuals. Argus reported approximately 80 protestors in FOP.

At 1832 hours, the intersection was clear and normal traffic was restored. Alpha Company moved into the sought quadrants, Charlie Company moved into the north quadrants, and Bravo Company remained in the plaza. At 1838 hours, people were dropping off food to the protestors.

At about 1852 hours, Argus advised that approximately 20 protestors on bikes were travelling N/B on Telegraph from the Broadway split. Lt. Lau directed motor officers to monitor the bike protestors. At 1855 hours, the bike protestors turned around and continued S/B Telegraph. Motor officers were directed to enforce traffic laws.

At 1911 hours, other than the protestors in FOP, Argus advised the downtown area was clear and returned to the airport.

At 1939 hours, it was updated that the crowd at FOP was approximately 80 people.

At about 2000 hours, Alpha Company was secured.

At 2008 hours, approximately 30 protestors on bikes left the plaza, traveling E/B 14th Street and N/B Telegraph. The Bike Patrol squad followed and monitored the protestors on bikes. At 2014 hours, the bike protestors turned around, travelling S/B on Telegraph.

At 2015 hours, the protestors in the plaza started a movie.

At 2020 hours, the bike protestors were travelling toward the officers stopped at 12th Street and Broadway. Personnel from Charlie Platoon responded to that location to assist. At 2022 hours, the officers with the arrestee relocated out of the area to 9th and Clay Street for officer safety.

At 2022-2029 hours, the bike protestors continued S/B Broadway, W/B 8th Street, S/B Clay Street, and E/B 7th Street (it appeared the bike protestors were attempting to intercept the officers with the individual from 12th Street and Broadway at North County Jail). Along with the Bike Patrol squad, motor officers and TNT monitored the bike protestors. The protestors continued to travel N/B Broadway to E/B 9th Street. As they travelled on 9th Street, the bike protestors took lanes of traffic and proceeded through a red light.

At 2031-2039 hours, it was reported that there were 15-20 protestors on bikes and they were now travelling N/B Jackson from 9th Street. The protestors continued E/B 13th Street, arriving on 12th Street at Lake Merritt.

At 2044-2105 hours, the bike protestors (approximately 20) continued N/B Lake Merritt to Lakeside from Oak, riding around the Lake Merritt area, eventually stopping at the N/E portion of the lake (Pergola at El Embarcadero). While the bike protestors were riding, the motor officers moved into position to issue citations for any observed traffic violations. A Charlie Platoon was re-deployed to the Lake Merritt area to

support the motor and Bike Patrol teams.

From about 2105-2120 hours, the bike protestors remained in the Pergola area. While officers were staged in the area, a couple people advised Sgt. Paich that individuals were vandalizing the area (RD# 13-054595 graffiti).

At 2115 hours, it was reported that 6 people were left in the plaza.

At about 2120-2123 hours, officers attempted to check for vandalism. At about that time, the protestors started running back to their bikes. Some through items into the lake (possibly spray paint cans or backpacks - checked for items on 28 Oct with negative results - locate "FTP" and anarchy symbol painted in black on Pergola surface).

At 2127 hours, as people left on bikes, TNT made announcements to obey all laws.

At about 2132-2145 hours, motor officers conducted enforcement stops on the bike protest group (6 citations were issued - RD# 13-054595).

At 2147 hours, the demonstration at the plaza was over.

At about 2200 hours, Bravo Company was secured.

At 2241 hours, the entire operation was demobilized.

During the operation, MFF personnel primarily monitored the crowd and conducted crowd management. However, some personnel engaged in crowd intervention techniques. Overall, the event occurred with no acts of violence or major vandalism. As a result, all MFF personnel were not required to complete supplemental reports. Any personnel conducting walking stops, issuing citations, or making arrests were instructed to complete their own crime or supplemental reports. The documentation for general MFF actions during the protests was memorialized in this after action report and other supporting documents (purge and unit log).
