

April 2, 2015

Montclair Safety and Improvement Council (MSIC), a neighborhood crime prevention council representing Police Beat 13z (Montclair), is undertaking a mural project in the shopping district. We have been granted monies from different agencies that require a fiscal sponsor, since we are not an official nonprofit. The mural will be painted by local artist Andrew Johnston. FOPR worked with Andrew a few years ago, to support his efforts to paint the mural located at Montclair Market.

MSIC would like to partner with FOPR on this great community project, that provides historical context, and ask that the board consider, and approve, the fiscal sponsor relationship at the next board meeting. I look forward to your response.

Sincerely,

Jill

Mountain Blvd. Railroad Mural Project

In 2014, the Montclair Safety and Improvement Council's Beautification Committee is ready to take the next step in recognizing Montclair's rich history by managing a mural project at the Mountain Trestle.
