Subject: KQED Forum on Nuisance Ordinance

Richard,

Just wanted you to know that I tried to get on air today to support the City's nuisance ordinance. Given the difficulty I and other Wallace St. neighbors had in getting help from the City to put pressure on the landlord to evict the tenants for illegal activities -drug dealing and car theft -on the premises, the nuisance ordinance will give the City additional tools to support law-abiding tenants and neighbors afflicted by criminal activities. Prof. Iglesias's comments were based on false and irrelevant assumptions -clearly, he has never lived near a criminal scene like the one we had here.

Thanks for your and Council President Kernighan's work in drafting and passing this ordinance.

Carol J. Urzi
