Theo:

I hope you are doing well. I wanted to talk with you about a potential social enterprise that would essentially be a public private partnership. More specifically, I am interested in finding out about reopening the Lake Merritt snack bar that is across from the Japanese Botanical Garden. I believe the snack bar has been closed for several years, but I am working with, and on the Board of, a social enterprise that hires at-risk youth (typically 18-24 years of age) that is interested in rehabbing the snack bar and either renting the facility or entering into a revenue share agreement.

Also, although you are probably aware, we are moving along with the GSW project and I am working with Sara Bedford to complete the RFP in the next few days. With the state budget now approved, we should be issuing the RFP quite soon.

Thanks in advance for getting back to me about whether this is something that could be pursued further.

Marisol,

Good timing on your request. We got a request from Elihu Harris two days ago for me to meet with him and Carole Ward Allen tomorrow morning at 9:30 at the Peralta Offices (same as last time). He said it's to discuss the MOU. This request concerns me, so I would welcome you or other representative of the Mayor to attend.
