Gus....

I was going to have Omega put together a flier for me in regards to my retirement/separation from OPD. But due to the short notice and him being in training all this week he will not be able to do it. He mentioned that you have experience in the past putting a flier together. I would be honored if you could help me. I don't plan on anything big, just a gathering of friends at the warehouse this Friday, 1 Oct 10, 1700 till ? If you could help me that's great, if not I hope you can come by. Also, If people drink too much I have a limited number of beds on the boat.

Thanks

Shawn

Subject: Saunders rating

Joe..

Sorry for the delay. I hope this helps.

Officer J. Saunders was assigned to me when the Department's TETF II was formed, in April 2009. During the time I supervised him he was an outstanding officer in regards to professionalism, trustworthiness and tactically sound. Officer J. Saunders also took it upon himself to learn more about the Department's capabilities in its electronic surveillance operations. Officer J. Saunders learned how to write court orders for electronic surveillance operations, such as Pen Registers, Pinging, call detail records, and cell site activation. Officer J. Saunders also learned how to interpret and analyze these records and the use of the equipment associated with them.

[REDACTED]

Due to the above listed traits, I utilized Officer J. Saunders on multiple occasions, during my absence, as acting sergeant.

I would gladly take Officer J. Saunders back into any unit that I may supervise in the future.
