On 31 May 04, I was the commander of the Gold Mobile Field Force (MFF) assigned to the Carijama festival at Frank Ogawa Plaza (FOP). I arrived at the event at approximately 1500 and noted that the event seemed peaceful and not well attended (about 350 people). At approximately 1600, I observed a shift in the demographics of the crowd. Most of the people who I had seen attending the festival earlier were leaving. However, the crowd was growing rapidly as young adults and juveniles arrived in the area.

By 1645, the crowd had grown to approximately 1000 attendees. Most of the attendees had entered FOP. At approximately 1700, I observed a large crowd of youths running W/B on 14th Street form the festival. They were being pursued by a group of the event's private security force who were dressed in black suits, white shirts and bow ties. The group then assembled IFO the State Building. The security force formed a "skirmish line" on Clay St. and waved off members of the group as they tried to walk back toward the festival. One of the members of the security force told me that an unknown member of the group had attempted to steal food from the vendors.

The group of youths walked N/B on Clay out of view. A "refused" citizen contacted Lt. B. Thiem and I and told us that he had seen a member of the group shove something in his pants and speculated that it was a weapon/firearm. I directed Sgt. Reilly's Tango Team to try to locate the individual who was described as a MB wearing a t-shirt with the word "aniece" on it. Sgt. Reilly later reported that they were unable to find the person.

Despite a request from the City event planner to allow the event to continue to 1730, I ordered that all amplified music be stopped at 1715 as had been previously agreed. Young people continued to arrive in the area and motor vehicle traffic increased on Broadway and cross streets north of the event. Several of the Supplemental Reports written by officers responding to this event and its aftermath noted the following:

- Many of the youth arriving were wearing the same clothing, white t-shirts and blue jeans.
- Some of them were "flashing gang signs" while in FOP.
- An officer recognized some as being from the area of 45th St. and Market St. area.
- An officer reported that he was told that two groups had come to the festival from North Oakland and Berkeley to fight.

At approximately 1730, a disturbance/fight broke out in the plaza. The incident sent a wave of people running into the intersection of 14th St. and Broadway. In the midst of the crowd was a group of 10-15 members of the aforementioned private security force. They were grabbing members of the crowd and striking them with their fists. It was later reported that this was done in an effort to break up fights in the crowd. Disturbances continued to break out which sent people running in all directions. However, people

did not leave the area. Some officers and I heard at least two gunshots fired within the plaza. This too sent people running from the immediate area. Several large crowds gathered at all four corners of 14th St and Broadway.

I ordered officers on the scene to prepare to disperse the crowd. I directed them to equip themselves with the helmets, gas masks, and long batons. I had the officers form lines on Broadway and direct people out of the area to the north toward San Pablo and to the West toward Clay Street. I ordered traffic on Broadway diverted (including AC Transit buses). I made several announcements on my motorcycle's PA system that the event was over and ordered people to leave the plaza in the directions provided. These decisions and directions were based on the following:

- It was clear that several members of the crowd had begun to fight with each other.
- Gunfire had erupted from the crowd.
- The private security force had lost control and begun to behave in an undisciplined and unprofessional manner further inciting the volatile situation
- The safety of the public and people attending the event were in jeopady of being injured/trampled by members of the crowd who were running to and from the various disturbances as they occurred.
- Members of the group appeared to be acting in a coordinated way to disturb the public peace through the use of threats and force.
- Members of the crowd had spilled into the intersection of 14th St and Broadway and were seriously disrupting public and private transit.
- My past experience made me concerned that the businesses in the area (City Center and the Gap Store) would soon be targeted by theft and looting.

I ordered the police lines to advance and direct people to clear the plaza and leave the area. People slowly left the area. I observed several people question the officers' authority to clear the area and challenge officers that further slowed the process.

At approximately 1820, Sgt Reilly advised over the radio that he had encountered a situation at 14th and Clay St where a group had surrounded a car, and that he was going to have to "rescue" the occupants. Shortly thereafter, he advised that he had to deploy gas to affect the rescue. I immediately responded to the scene and saw an older vehicle driving away W/B. Sgt Reilly told me that he had told the driver of the car to stop so we could identify them in a report. I rode my motorcycle toward the car and ordered the driver to stop. He was driving into the crowd that was leaving W/B. He continued to drive and said, "Those guys are robbing and beating us." The man then accelerated W/B and left the area.

I noticed that the contents of his car were consistent with the supplies of one of the food vendors from the event. I specifically noticed cases of similar size, shape, and labeling to a case of chicken tenderloins that

was laying in the street where Sgt. Reilly had used CS gas to interrupt what now appeared to have been a robbery. We were unable to recover the loss, and the Victor (video) team was unable to respond to the area to film it. I gave an unlawful assembly announcement at the intersection and warned that more chemical agents would be deployed. I did note that the CS gas had been very effective in dispersing the crowd from the area. I ordered the Tango Team to walk back to 14th and Broadway. A team was left at 14th St and Clay to maintain security.

I went back to Broadway where I observed that several hundred people had congregated on the sidewalks and in the street in the 1400, 1500, and 1600 blocks. Additional units were sent to the area "Code 3" to assist with clearing the riotous crowd. Skirmish lines were formed across Broadway and ordered to disperse the crowd N/B. I gave more unlawful assembly warnings and including warnings about the use of chemical agents.

As we approached 15th St., information was broadcast that more shots had been fired on 16th St., and that members of the crowd looked to be arming themselves with rocks. At 1838, I heard a loud sound of breaking glass and received information that the crowd of about 300 gathered at the N/E corner of 15th St. and Broadway had begun to loot the businesses. Individual suspects could not be identified in the crowd thus frustrating any effort to target them for arrest or other less-lethal munitions. I observed members of the crowd rushing into the Wendy's restaurant and towards other businesses north. I decided that it was in the best interests of public and officer safety to disperse the crowd as opposed to pursing a course of making individual arrests. I ordered the Tango team to use CS gas to disperse the riotous crowd. Officers later reported seeing members of the crowd enter the business through the broken window, throw tables and chairs around, and run from the business with food.

The gas was very effective at dispersing the crowd who fled from the Wendy's and the area. Members of the Tango team and several other officers secured the scene. I observed two women and a child exit the Wendy's and fall to the sidewalk and requested medical assistance for them. After a delay, I was informed that the ambulance would not enter the area unescorted. An escort was sent to meet them. I was later informed that OFD had refused to respond.

I attempted to provide additional information as to the nature of the scene and that it was safe for OFD to respond. I also relayed my concerns that the business had been left unattended and the still working cooking equipment constituted a fire hazard. I was met with the same refusal. After a substantial delay, OFD did respond. I'm unaware of the exact number of people who may have been treated for exposure to the CS gas, but it did not appear to have been more than four.

The skirmish line continued to 17th St. where the majority of the pedestrian crowd had dispersed and a cruising problem had started. Officers reported and I saw people driving their cars in the area committing the following violations:

- Unlawful riding
- Music Audible 50' from the Vehicle
- Driving Left of a Double Yellow Line
- Impeding Traffic

I directed officers to return to their vehicles and begin traffic enforcement and direction actions to clear the area of violators. At 1932, Officers reported that they were attempting to stop a car where an occupant was reportedly armed with a firearm. A foot pursuit ensued of the suspect who was described as wearing a white t-shirt and blue jeans. I responded to the location of the suspect's capture and saw as a black revolver fell from his pants.

By approximately 2030, the problems associated with the Carijama festival were quelled and units who had been assigned to the festival and its aftermath were ordered to write Supplemental Reports and secure. Third Watch units previously assigned to MFF activities in East Oakland were sent back to their original assignments.

ON 31MAY04, I WAS ASSIGNED TO TRAFFIC CONTROL AT THE CARIJAMA FESTIVAL LOCATED AT FRANK OGAWA PLAZA. STARTING AT APPROXIMATELY 1500HRS, I NOTICED A CONTINUAL INCREASE IN TEENAGERS AND YOUNG ADULT MALES, MANY WERE DRESSED IN IDENTICAL CLOTHING (WHITE "T" SHIRTS & JEANS). BY 1700 HOURS, I ESTIMATED THAT THE YOUNG CROWD HAD GROWN TO OVER 2,000 AND REPORTS OF FIGHTS WERE HEARD OVER MY TRANSCEIVER. I OBSERVED SEVERAL SUDDEN SURGES OF LARGE GROUPS RUNNING WEST AND THEN EAST ON 14TH STREET BETWEEN BROADWAY AND CLAY. EVEN AFTER THE FESTIVAL ENDED AT 1715 HRS, THE GROUP OF ABOVE DESCRIBED YOUNGSTERS INCREASED DRAMATICALLY. LT KOZICKI MADE SEVERAL REQUESTS FOR THE CROWD TO LEAVE BUT THEY REFUSED. SEVERAL DISTURBANCES WITHIN THE CROWD CAUSED MANY TO RUN/ STAMPEDE IN EVERY DIRECTION. THEN THE CROWD WOULD RE-SOLIDIFY. A CROWD CONTROL LINE OF OFFICERS WAS ESTABLISHED AND AFTER SEVERAL MORE REQUESTS BY LT KOZICKI TO DISPERSE WENT UN-HEEDED, THE LINE OF OFFICERS MOVED SLOWLY IN AN ATTEMPT TO MOVE THE CROWD NORTH TOWARD SAN PABLO AVE. AFTER APPROXIMATELY 1 HOUR, FRANK OGAWA PLAZA WAS CLEARED. I RELOCATED WITH FIVE OFFICERS TO 16TH AND TELEGRAPH IN

Narrative:

On 31 May 04 at about 1715 I was working as OPD Special Event Unit Unit 4A20 at the Carijama Festival at City Hall. At this time the Festival was ending. I notified the vendors to close their booths at about 1735. At about 1800 I put my helmet and gas mask on and assisted with the skirmish line at 14Th St and Broadway. I assisted my team with clearing the plaza Area. Before we entered the plaza Area I heard Lt. Korick give two orders to disperse. There were several hundred people inside of the plaza Area. I saw what appeared to be two large fights start in the area before we cleared it. I also heard what sounded like A gun shot in the plaza Area. As we were clearing the plaza we put on our gas masks because gas was deployed. A FB who appeared to be in her late 30's to early 40's needed medical Attention. I called her a code three ambulance. My team then stopped at 16Th St and San Pablo. I allowed vendors to enter the plaza with vehicles so they could gather their merchandise. I did not allow anyone else to enter. Ofc. K. Jackson who was my partner then picked me up and we did traffic enforcement. We were then told to go to DPD Transportation to complete supplemental reports.

Summary Supplemental

On 31 May 04, at about 1700hrs, I was was working as OPD special enforcement unit 4B29 along with Ofc. J. Callan 8335P. We responded to the area of Broadway Street between 13th Street and 14th Street because of several people fighting and being very disruptive. Along with several other units we formed a line to move the large crowd that was gathering. The commanding officers that were on the scene gave the crowds orders to disperse several times but some of the people ignored them completely. While we were formed in a line trying to get the crowd to move along, we were at 16th Street and Broadway. Someone broke the glass to the Wendy's restaurant and several people rushed in. OPD tactical team shot gas into the crowd to disperse them and the area was cleared. Afterward the crowd tried to start a incident similar to what we call the "side show" so we got in our vehicles and started doing tactical enforcements.

SUMMARY:

ON 31 MAY 04 I WAS WORKING AS 3523 WITH OFC. M. ENCINIAS. WE WERE BOTH IN FULL OPD UTILITY UNIFORM AND ON SPECIAL ASSIGNMENT AT 14TH ST AND BROADWAY REGARDING THE STREET FESTIVAL AT FRANK OGAWA PLAZA. WE WERE ADVISED TO PATROL THE N/W CORNER OF BROADWAY AND 14TH ST.

WHILE PATROLLING THE AREA I WITNESSED SEVERAL FIGHTS BETWEEN JUVENILES. I RECOGNIZED A GROUP OF JUVENILES WHO USUALLY LOITER AT 45TH ST AND MARKET AMONG THE CROWD RESPONSIBLE FOR INSTIGATING AND PARTICIPATING IN THE FIGHTS. IT APPEARS THIS GROUP (APPROX 10 JUV'S) WAS IN A PHYSICAL ALTERCATION WITH ANOTHER GROUP OF JUVENILES. WHEN WE ATTEMPTED TO APPREHEND THE JUVENILES THEY WOULD FLEE THE SCENE ON FOOT. I ALSO WITNESSED THIS SAME GROUP THROW HALF FILLED WATER BOTTLES ACROSS THE STREET IN ATTEMPT TO HIT ANOTHER GROUP ON 2 OCCASIONS.

WHILE PATROLLING I ALSO HEARD AT LEAST 2 INCIDENTS OF GUNSHOTS AMONG THE CROWD.

I ALSO PARTICIPATED IN A SKIRMISH LINE WHILE WEARING MY RIOT HELMET & GAS MASK. WHEN THE FESTIVAL ENDED OPP REPEATEDLY TOLD THE CROWD TO DISPERSE BUT MANY DID NOT COMPLY. THE CROWD WAS FINALLY DISPERSED.

On 31-MAY-04 at about 1830hrs I was working as 3531 w/ Ofc J. Judge 8305P. We were directed to downtown Oakland (13th Ave & Clay st) to coordinate for a Mobile Field Force Skirmish line.

We were working as a skirmish line walking N/B Broadway from 14th st. At about 1830 hrs a large unruly group of individuals began to gather at 15th st and Broadway. The crowd was about 200 people. An apparent incident occurred in the crowd and all of a sudden a large store front window at the wendy's restrorant was smashed.

The tango teams deployed tear gas and the crowd dispersed. I was instructed to take a statement from a Victim that was pushed through the smashed window. The Vict. (Williams, Naioka) had a cut to her right palm and was seen by AMR #503. I turned the statement over to Ofc. Judge who gave it to Sgt. L Riggs.

Williams refused to be transported to the Hospital and her injuries did not appear life threatening.

I phoned her gaurdian Driskell, Danelle e[redacted]3 to inform her that Williams was going home and what had occurred.

Summary:

On 31May04 at about 1800 hrs, I was working as OPD unit 4A25 with Ofc O Crum 8413P. We both had on full police uniforms and were operating a semi-marked patrol veh (#1148). Ofc Crum & I were working as part of a security force for the Carajama Festival, which was being held at Frank Ogawa Plaza.

The festival had ended and Ofc Crum & I were assisting by directing people to leave. This showed to be ineffective as the crowd failed to leave and gained in size. On two occasions I observed large groups of people that appeared to be predominately juvenile, start running into the crowd, causing a stampede effect. There were also time when I observed a group of about 8 to 10 mb's in suits chasing people into the crowd. This appeared to agitate the crowd causing some of them to run into the intersection of 14Th & Broadway. The order to place our riot helmets on and retrieve our gas masks was given. I then joined the gold tango team and assisted with skirmish lines. I heard Lt. Kozicki order the crowd of approx 1000 to leave Frank Ogawa Plaza over a P.A. system. A skirmish line was then formed across 14Th St., (450 blk) and the crowd was then slowly moved w/b.

While moving w/b on 14Th St, the crowd split, with some moving n/b across the front of City Hall and the other w/b on 14Th St. As I got to the intersection of 14Th St. & Clay, I could see a group of approx 250 people just n/of 14Th St. on Clay. A tan older Merz, Benz was stopped in the #1 lane facing s/b. The veh was stopped even though the light was green for it to travel, due to it being surrounded by approx 50-70 hostile people. There were 3 people that were standing on the trunk, rear window, and roof area, and were bouncing, while waving their arms in the air. The rear passenger door was opened. Next to the front passenger door I could see several fb's assaulting another fb. They had her hair pulled back, while repeatedly punching her in her the face and head. It was apparent that the fb was in grave danger and in need of immediate assistance. Sgt M Reilly who was on scene, directed me to deploy one #15 Rubber Ball, CS grenade in order to effect the rescue. At approx 1820 hrs, I deployed one #15 Rubber Ball, CS grenade just n/ of the crowd. This showed to have an immediate effect, causing the crowd to disperse.

The crowd dispersed and I lost sight of the fb that had been assaulted. Sgt M Reilly told the occupants of the veh to pull over (see supplemental for details). The veh pulled w/b onto 14Th St and Lt Kozicki contacted the occupants. They informed him that some mb's from the crowd had opened his car door and taken some chicken. The occupants of the veh refused to cooperate any further, stating they just wanted to leave (see supplemental for details)

Sgt M Reilly later met with the fb, who had been assaulted. She had a bump on her head and was being attended to by her friends. The fb refused medical treatment and would not cooperate with any investigation (see supplemental for details)

SUMMARY:

On 31 May 04 I was assigned to the Carajama Festival at Frank Ogawa Plaza. I was the team leader for the less lethal team, "Tango Team".

At approx. 1750 hours, I observed a disturbance in the crowd. A large portion of the crowd began to move from north of 14th St, west of Broadway, across Broadway to the east. The crowd lingered in the middle of the street and I was then able to see a group of Muslim security officers chasing a MB in a white t-shirt. The Muslim security guards were punching the MB who was punching them back. This action served to agitate the crowd, which was under control up to this point.

At approx. 1800 hours I was with the team near the S/W corner of 14th St and Broadway. There were over 1000 people still in the plaza and surrounding sidewalks when I heard a gunshot come from the west near City Hall. A large group of people began to flee the area.

At approx. 1802 hrs., Lt. Kozicki ordered officers to form a skirmish line at 14th St and Broadway. Lt. Kozicki then gave a series of dispersal orders declaring that the crowd was participating in an unlawful assembly. My team was divided with Officers Alexander, Holmgren, Beaver and Ross with me and Officers Doolittle and Brandwood with Officer Romans.

On Lt. Kozicki's order, officers began to move toward the crowd telling people to leave the park. Officers were able to clear the north and south side of 14th St, west of Broadway to the east corner of City Hall.

While officers were engaged in this movement, several hundred people proceeded W/B 14th St to Clay. I noticed that a crowd of over two hundred people had gathered on the N/S of the intersection of 14th St and Clay. At approx. 1820 hours we proceeded to the intersection with members of my team as well as several other officers.

At the intersection I observed that the group had surrounded an older Mercedes Benz which was facing S/B in the number one lane. A rear passenger door was open and a FB with braided hair was being beaten near the rear of the car. Fearing that the FB had been pulled from her car and was being seriously injured, I felt that a rescue was warranted. I did not believe that officers could safely approach the crowd as we were grossly outnumbered having only 12 to 15 officers available. I could not deploy any impact munitions as there was no clear shot on any of the combatants. I elected to deploy chemical munitions and ordered Officer Holmgren to deploy a #15 Rubber Ball CS grenade. Officer Holmgren deployed the grenade over the Mercedes and into the crowd. The crowd immediately dispersed and no further force was required.

The FB fled with the crowd and two MB's entered the Mercedes. I approached the driver, a MB with dread-locks, and asked that he pull forward across 14th St and wait with officers until the area was more secure. The driver turned W/B on 14th St and began to leave the area. Lt. Kozicki pulled over the Mercedes and also

contacted the driver. He advised that the crowd was stealing chicken from his vehicle. He refused to ID himself or cooperate in any investigation. See Supplemental by Lt. Kozicki.

Our skirmish line continued to proceed W/B on 14th St. when at 1828 hours, officers encountered a small group of people on the S/S of 14th St IFO the Federal Building . Among the people was a FB with a large lump on her forehead. I recognized this FB as being the victim behind the Mercedes. I spoke to her and her acquaintances and she confirmed that she was involved in a fight at 14th and Clay. I offered the FB an ambulance and asked that she stay so that we may provide her with aide. The FB and her friends declined and walked away W/B.

Elements of my team left the area and joined a skirmish line at 14th St and Broadway. The skirmish line proceeded north on Broadway and stopped some thirty to fifty yards south of 15th St. In the intersection of 15th St and Broadway was a crowd of over five-hundred people which was congregating heaviest on the N/E corner. At approx. 1838 hours, one of the Wendy's front windows, which faces Broadway, was shattered. I observed people running in and out of the broken window. It appeared that a member of the crowd had broken the window and was being looted the restaurant. Lt. Kozicki ordered my team to deploy chemical munitions on the crowd.

Officer Holmgren deployed two (2) #15 Rubber Ball CS grenades and Officer Alexander deployed one (1) 37mm Skat-Shell (CS gas) from the 1400 block of Broadway. From the W/S of Broadway Officers Romans and Ross deployed three (3) # 15 Rubber Ball CS grenades (Two from Officer Romans and one from Officer Ross), with Officer Doolittle firing one (1) 37mm Skat-Shell (CS gas). The crowd immediately dispersed from in front of the Wendys as well as inside.

Officer Alexander and I entered the Wendy's to check for injured persons and found the restaurant empty. I exited and called for OFD to respond to the restaurant as the fryers in the kitchen were on. I encountered two to three people on the sidewalk and offered each medical attention directing them to the south were Lt. Kozicki had called for ambulances. My offer was not accepted.

I later inspected the restaurant and found that one (1) #15 Rubber Ball CS grenade had landed inside the dining room some 10 to 12 feet from the broken window. Officers did not intentionally deploy the grenade inside the restaurant. It is likely that the grenade bounced through the broken window after being thrown by an officer on the W/S of Broadway.

My team then performed traffic control duties along Broadway.

Summary:

On 31 May 2004 @ approximately 1820, I was working as a member of a Tango Team assigned to the Carajama Festival located at Frank Ogawa Plaza. I was in full OPD utility uniform and was told to moniter the crowd after the festival concluded.
Lt. D. Kozicki announced to the crowd that the festival had concluded and that the crowd should disperse. I estimate the crowd to be approximately 800-1000 people. The crowd was spread 360 degrees around the intersection of Broadway @ 14th Street.
After the order to disperse was given, a large portion of the crowsd headed in a westbound direction towards Clay Street along 14th Street. As we approached the intersection, I could see a large crowd had formed around a tannish colored vehicle in the southbound lanes at the limit-line for the traffic signal. The vehicle was a Mercedez Benz sedan and had been stopped by the large crowd. As I got closer, I noticed that people were running to this location as if to see what was happening. I was able to get a visual of the vehicle and saw what appeared to be 3-4 males and females physically attacking another female that appeared to have come from the passanger side of the Mercedez. I also saw another person stand up on the truck area of the vehicle. I saw Officer R. Holgram throw one #15 CS Chemical agent grenade toward the crowd in an effort to stop the attach of the sole female victim. I saw that the CS gas dispersed the crowd and enabled us to secure the area around the vehicle. I saw the tan Mercedez drive southbound and than west out of the area. I could not tell if the victim had stopped or left the area prior to speeking with officers.
I than proceed one block west to Jefferson Street and held a crowd control post until I was told to secure.

On 31 May 04 @ approximately 1630, I was the incident commander for the Cannabis Festival. Large crowds had begun to fight and participate in riotous behavior.

I was in the 350 blk of 14TH St where Sgt M. REILLY had use a chemical agent to disperse a group who were assaulting the occupants of an older beige ~~Volvo~~ Merz. REILLY told me that after the group of suspects fled W/B 14TH St he had tried to get the victims to wait.

I drove my motorcycle up to the veh as the W/B driver drove W/B. I told the man to stop. He said, "Those guys were robbing and beating us" referring to the susps who fled. I said that the veh was loaded with cases of food and other supplies to indicate the man had been a vendor at the event. I again asked him to stay for a report, but he drove away W/B.

I went back to the scene and saw a case of chicken the susp had taken but abandoned. I notified radio.
