By CHEN, KENNETH: 5/24/2012 9:04:14 AM

E-MAIL REQUEST. CITIZEN IS REPORTING BAD ROAD CONDITION ON BROOKDALE ST BETWEEN COOLIDGE AND FRUITVALE AV. BROOKDALE IS NOT A MAJOR STREET OR BIKE LANE. PLEASE SEE COMMENTS: Hi - I believe that there was underground work done on the section of Brookdale between Coolidge and Fruitvale within the last 5 years, and when it was resurfaced it was not done well enough to hold up to the constant bus traffic. As a result the entire 2 block stretch is riddled with holes - not all potholes, but much of it is just like the surfacing has shrunk or something so there is a pattern of 6" of pavement then 6" of hole. It is a mess. I know the city doesn't have money for much re-paving but perhaps the utility that dug it up needs to come back and do a better job!

thanks

CITIZEN REQUESTING REPAIR OF POTHOLE, ON BROOKDALE AVE., BETWEEN COOLIDGE AVE. NOT ON A MAJOR STREET, BIKE WAY OR INTERSECTION.

By MCCABE_ADMIN, JOHN: 12/19/2012 5:32:40 PM
For 2013, per decision of PWA DIO, pothole service requests are assigned a priority as follows:
Priority 2: Major street or bikeway
Priority 3: Not a major street or bikeway
Priorities can be further adjusted by PWA DIO staff.
Keeping the service request Priority at 3, because it's not on a major street or bikeway.

By OLORTEGUI, ARTURO: 1/23/2013 9:44:58 AM

CITIZEN IS REPORTING SEVERAL POTHOLE ON BROOKDALE AVENUE, BETWEEN CAPP STREET AND COOLIDGE AVENUE.

By WONG, JASON: 2/15/2013 9:44:45 AM

ADDITIONAL NOTE FROM CITIZEN'S EMAIL: I challenge you to turn onto Nicol from Fruitvale, right onto Capp, left onto Brookdale to Coolidge-- and avoid all the potholes. It is ridiculous. And though those are the worst portions of Nicol and Brookdale, both streets really need to be repaved all the way from Fruitvale to Coolidge; where there aren't potholes there are just gaps in the paving as if it's shrunken. I think part of the issue on Brookdale is the #14 bus that runs up and down this stretch almost 100 times a day - I have been told that a bus route needs a stronger paving system and perhaps that was missed here, because it's such an odd leg for the bus route (only these 2 blocks of Brookdale). But that doesn't explain Capp or Nicol...

456333OLORTEGUI, ARTURO: Combined with requests 456315

By OLORTEGUI, ARTURO: 4/19/2013 2:59:12 PM

Reported by SeeClickFix user on 04/19/2013 SeeClickFix Link: [REDACTED]

Summary: Rapidly growing potholes

Description: On Brookdale Ave, between Capp and Coolidge, there are rapidly growing potholes. Our family drives this street at least 10 times per week, and it can be challenging when there is a lot of vehicle traffic, especially with buses and SUVs. Would appreciate filling in of the largest pothole, which is a couple feet wide.

OLORTEGUI, ARTURO: Combined with requests 456437

By OLORTEGUI, ARTURO: 4/19/2013 3:56:01 PM

There are series of deep potholes (6-8) on Brookdale Ave from Capp to Coolidge. This is a well traveled route with a large daycare on the street and also a busy bus route. Thank you for your attention to the matter.

Q&A & Comments:

I am a road Supervisor with AC Transit and our 14 bus line travels up and down this street multiple times a day. The pothole reported on the street in front of the address 2871 Brookdale Ave., Oakland 94602, will lead to a passenger aboard our coaches becoming injured if a driver whom is not familiar with this area happens upon this pothole. Also this pothole will eventually lead to someone's vehicle being damaged. Please repair this hole in particular, as well as the many others on Brookdale Ave. between Capp St. and Fruitvale ASAP. Thank you in advance.

Q&A & Comments:

The entire street of Brookdale Avenue, from Fruitvale Avenue to Coolidge Avenue, is in VERY bad shape, with multiple potholes resulting in very unsafe driving conditions at ANY speed.

The street is used by AC Transit buses, which exacerbates the issues, and the pothole in front of 2871 Brookdale Ave is large enough to cause serious damage to any car that might hit it.

Q&A & Comments:

2nd hand info from AC Transit bus driver - large hole possibly a pot hole located on Brookdale at Fruitvale. The caller was not able to describe how large the hole is, only that the bus driver was able to see into the hole and was large enough to easily cause a traffic hazard or vehicle collision. OPD is also responding.

If you have any questions refer to OPD incident 160325000159
