Re: **Semi-Annual Status Report from the Chief of Police on the Activities of the Alcoholic Beverage Action Team (ABAT) Deemed Approved Program**

SUMMARY

This report outlines the activities of the Alcoholic Beverage Action Team (ABAT) for the last six months (March 2005-September 2005), including enforcement activities, staffing, zoning applications, and staff training.

FISCAL IMPACT

During the FY 2003-05 mid-cycle budget deliberations, City Council approved the increase of the annual fee from \$600 to \$1,500 per location in order to make the program cost neutral. Fees are collected on an annual basis, and the majority of fees collected for the 2005 calendar year were reported in the previous status report. Collection revenue during this reporting period totals \$40,000. ABAT will begin assessing the fee for FY 2005-06 on January 1, 2006.

BACKGROUND

In August 1993 the City of Oakland passed the Education, Monitoring, and Enforcement Program, a.k.a. "Deemed Approved" Program (Ordinance No. 11624 C.M.S.), in an effort to improve the operating standards of alcohol outlets and provide an enforcement program to monitor their operation. After affirmation of the ordinance by the California Supreme Court, ABAT launched the program in January 1997.

KEY ISSUES AND IMPACTS

ABAT Enforcement Activities in 2005

- ABAT conducted 341 site visits, resulting in 77 formal inspections. Three businesses received SMART¹ inspections (Table 1) - plus re-inspections, with an additional four stores receiving re-inspections due to non-compliance (Table 2).

¹ SMART Inspections are a coordinated group of public agency representatives who enforce civil law statutes and regulatory rules to clean up problem sites. Representatives from the Fire Department, Code Enforcement, Alameda County Vector Control, and PG&E often join ABAT personnel to conduct these code enforcement activities.

- ABAT personnel issued five citations for a violation of the CA Business & Professional Code Section 25658 - "Selling alcohol to a minor," and four citations for CA Penal Code § 308.2 - "Selling Single cigarettes."
- ABAT conducted 39 decoy operations, resulting in five sales to a minor (10% sale rate).
- ABAT conducted 21 Bar Check operations. Bar Checks involve uniformed and undercover staff entering bars during regular operating hours to see if illegal activities are occurring. No illegal activity was verified during these operations.
- ABAT imposed operating restrictions on eleven locations (Table 3). The operating restrictions were instituted in response to nuisance activity. These restrictions act as an alternative to an Administrative Hearing (i.e., ABAT and City Attorney staff meet with the operator and mutually agree on specific operating restrictions). The restrictions are binding and ABAT issues citations for any violations.

Zoning

Between January 1, 2005 and October 1, 2005 the Zoning Division received six applications related to alcoholic beverage sales activities. The applications are for on and off-site sale operations. All six locations have been issued CUPs with conditions of approval to ensure owner/operator compliance. The applications are for a grocery store, three bars and two full service restaurants:

Address	Type
3420 Fruitvale Boulevard	Grocery Store
1928 Telegraph Avenue	Bar
215 Washington Street	Bar
492 9 th Street	Bar
735 International Boulevard	Restaurant
3451 International Boulevard	Restaurant

If approved by the Planning Commission, these six new businesses will be enrolled as participants in the Deemed Approved Program.

Deemed Approved Participants

All Oakland bars and liquor stores participate in the Deemed Approved program. The number of alcohol outlets in the program remain at 377 establishments enrolled, which includes 304 liquor stores and 73 bars

Deemed Approved Advisory Committee (DAAC)

The DAAC continues to meet on a monthly basis to identify problems and share ideas about controlling nuisance, loitering and criminal activities in and around liquor establishments.

Education

In March 2005 ABAT personnel attended a joint *Enforcement of Labor Code Section 6404.5 - Smoking in the Work Place*, sponsored by Alameda County Department of Public Health. This training expanded staff's knowledge of current tobacco laws and citation liability if/when a violation is verified. This training also provided an opportunity for staff to network with other law enforcement agencies to develop additional methods for tobacco control enforcement.

SUSTAINABLE OPPORTUNITIES

Economic - When performing site visits, ABAT personnel check to ensure that participating establishments possess current business licenses. As retail establishments, they contribute to the City's tax revenue base.
